

Plant To Stop Dumping Creosote In City Sewers

Jenison-Wright Corp. advised the city council Monday night that it is installing facilities to prevent creosote and oil from entering city sewers and damaging equipment at the new sewage treatment plant.

Design of the equipment has been approved by Sewage Treatment Plant Supt. John Hildebrand.

Alderman Johnson declined to give details but said he had heard of a dispute and a dissension among workers at the treatment plant. Nunn said he had heard the report and suggested the Treatment Plant committee and mayor meet with the workers.

Switch in Training
Johnson said some of the workers were dissatisfied over a switch in time for training classes from Saturdays to Tuesday evenings.

Hildebrand was not present, but he had a letter to the council requesting an additional worker to comply with safety regulations for two men on each shift and to fill in during vacations over a 24-week period. The request was referred to the council committee.

For a third time the Federal Water Pollution Control Administration office in Chicago rejected the city's request for federal funds toward purchase of a small tractor, a snow blower and a cleaning machine for the plant. The agency official, R. J. Schmeider, said the items were for maintenance and did not qualify for federal funds.

He also advised the city to submit the final construction estimate for verification before the final payment of the federal grant will be made.

Robertson Asks-- Can Council Force Mayor to Sign

A legal opinion to determine if the council can force the mayor to sign a check for payment of a sidewalk project was requested Monday night by Alderman Robertson.

The bill in dispute is for last summer's sidewalk construction along Leonard avenue north of Wayne avenue amounting to about \$1300.

Does the mayor have a right to hold up a payment? Isn't there any way the council can force him to sign the check?" Robertson asked.

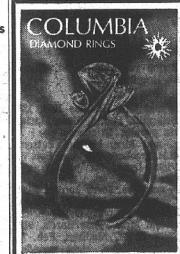

Mayor Partney contends the instant project was carried out in an illegal manner. Nunn pointed out the council had overridden Partney's veto in authorizing the project.

"Can we force him to sign the check?" Robertson asked again. "Depends on how big you are," the mayor replied.

Robertson retorted: "I don't know exactly how you mean that, but I'm pretty good size and I have a right."

Other aldermen protested the exchange between the mayor and Robertson, and the matter was dropped.

Work on Schedule**

South Nameoki road right-of-way acquisition is progressing on schedule as far as the city is concerned, the council was told Monday night by Herman Kinder, assistant city attorney.

Several aldermen expressed concern over the two-week notice given last week by Robert Kronst, district highway engineer, but Kinder said he was merely writing official letters to the French Village highway headquarters, and that there is sufficient time to complete the city work for a contract letting this fall.

"We're in fair shape," the attorney added.

He noted that of 112 parcels needed, 23 have yet to be negotiated and others are going out for proposals, owners to remove 41 encroachments.

Weekly reports were requested by the council.

Alderman Sternberg, chairman of the committee, said a meeting is scheduled this week with officials of National Foods store to remedy the Iowa street bordering the rear of the new store at Nameoki road and Main street. "We have several designs from the engineer to present to the company."

He added that the Red Barn drainage line to eliminate a puddle on the block of Madison avenue is to proceed and the proposed West Pontoon road sidewalk is to be designed to be submitted to the boards for approval.

Grand City Co. is to be asked to order its railroad engineers to stop trains off the actuator for the pedestrian traffic light at Madison avenue and 16th street. Halted trains keep the signal light red.

Johns-Manville Sales Earnings Up For Year

Johns-Manville Corp., 1966 sales were \$512 million, up \$32 million, and net earnings were \$38 million or \$4.50 a share, up \$4 million or 47 cents a share, it was announced this week at the Johns-Manville Products Corp. plant here.

The annual report to stockholders No. 44 will note that the net gains were made despite a second-half decline in home construction and postponement of many municipal water and sewer projects. Spending for new facilities totaled \$28 million, up \$7 million to a smaller figure reported there was no loss.

"Let Time Slip"

He also noted that when the last redistricting ordinance was passed on Jan. 23, a motion to postpone the ordinance, for seven wards and 14 aldermen, was defeated by the city council.

He noted that the Jan. 23 meeting would have provided time to make the changes to comply with the law and that the council "through their own misconduct let the time slip."

Adding that the council could be compelled by the court to perform its duty, he said, "It would be a good idea to let the city council refuse to perform the duty and absolve itself from carrying out the law."

Allen responded that the city was first redistricted into eight wards in 1955 and the city attorney at the time believed the action was legal. He also charged the complainant in the case, Floyd Miller of Granite City, with laxity for waiting so long to file suit, an agency of the state.

Judge Steepe was critical of Allen for failing to file an answer to the complaint by last Monday as ordered to do in a court summons. "I'm here to discuss the case," he said.

The next meeting is planned for March 7 in the home of Mrs. Mary Brackett, 2346 Woodlawn Avenue.

**Unfortunately.****Accutron® looks like a watch**

We don't call it a watch. All the parts that make a watch fast or slow have been left out. The balance wheel, springs, shaft and screws. Accutron does not use these parts. Instead, a tiny tuning fork keeps time through vibrations that are battery powered. Accutron time is so precise that we guarantee average monthly accuracy within 60 seconds, which averages out to about 2 seconds a day. And we know owners who have not gained or lost time in a year.

However, Accutron's timekeeping prices are higher than a fine watch. (Remember, a lot of parts were left out.) We believe the Accutron timepiece to be the finest and most precise wrist timepiece ever made.

We have a wide variety of handsome models, \$125 and up.

pose of this matter without delay," he said. "You had your day when you were served the summons."

Allen replied that he could not give an answer to some paragraphs which would authorize him to issue such an order, and he gave Atty. Paul Pratt of Alton, representing the complainant, this morning to show the court and asked for one day to file a written answer.

Given Extra Day

Pratt suggested that Allen file an oral answer immediately and a written answer the next day. The judge accepted but said, "This is an extraordinary remedy and so should be given extraordinary care."

The population of the city prior to 1960 was the major point of issue during the hearing.

City Clerk Homer "Cal" Pendleton, whose official records were subpoenaed, provided a Chamber of Commerce document prepared in 1960 showing a 1960 federal census figure of 40,673.

He said it was only the census record in city files.

Allen objected to use of the figures on grounds that the document was not official. Pratt said he had no objection if Allen had agreed to the night before to change population figures. Otherwise, he said, he would have presented official records of the last federal census.

He provided official records of the Jan. 23 redistricting ordinance and of the motion for the redistricting made by Alderman Moerlein and seconded by Alderman Whitmer.

Aldermen Testify

In an attempt to establish the population, the judge called for the aldermen from each ward to testify as to the population of their ward before the last boundary changes.

This proved unsuccessful as Aldermen Rutledge and Green of the Fourth Ward testified that the Fourth Ward was the largest.

Green was asked if a number of votes he had received and reported that he was appointed to the position. Both Aldermen Boyd and Poulos of the Third Ward were not in court. Also absent was Alderman Whitmer.

At the hearing, Alderman Pamely, who was surprised when Alderman Parmenter of the Sixth Ward said the population of the Sixth Ward was the largest, was asked if he had received any information from the schools to provide dental care for underprivileged children.

An increase in overall attendance during January was noted by Super. Pauline H. Bales of the Vicksburg high school, 9225 Lincoln elementary, 91,649; Lincoln elementary, 90,397; Venice kindergarten and 94,109.

January bills totaled \$18,635 from the educational fund, including \$1738 to Volland Studios for drapes at the high school and \$200 each to Dr. C. E. Bales Jr., Dr. John E. L. Perfect Trojan Basketball Record Shattered by Warriors, 59-47

"And the walls came tumbling down," a passage from an old spiritual, accurately described the Madison fans and their Trojans' felt after the Trojans' 100-69 varsity had handed Madison its first loss of the year 59-47 Tuesday on the Warrior court.

The basketball team had won by the two team's records before the game — Madison undefeated in 18 games and Granite City a loser in more than half of its 21 starts.

The new season records of 18-1 and 11-1 still leave the Trojans as the major basketball power in this region and in the state. With the pressure of their long winning streak now eased, they may be even tougher in post-season tournament play to defend the 1967 state championship.

But, the Warriors, who earlier came close to outdoing the powerful Collinsville Kahoks at their regional, of rapid offense and slow defense, often surprised Tuesday night that they have the potential to rise to unstoppable heights on a given night. Their regional, sectional and state tourney hopes rest on whether they can repeat their success with such outstanding games back to back.

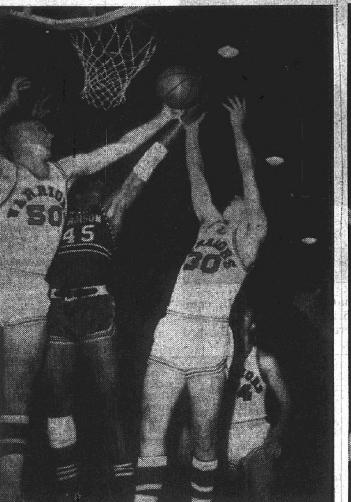

Take Command Early

Totally unimpressed by the Trojans' hard-earned credentials as a formidable quintet, Coach Ralph Sackett of Granite City players were commanding early and won the game more easily than the final 12-point margin indicates.

Quarterly scores were 14-9, 24-21 and 44-28, the decisive period to be the third. In the first half, the Warriors enjoyed a 39-7 edge. Only three points ahead at the half, GCHS zoomed to 32-21 and 38-23 advantages during the third quarter.

Secret of the Granite City success was a ability to cool off the Trojans' fiery offense, which had blistered the basket with straight drives to the boards and wide variety margins in many of Madison's earlier games.

Stressing sure passes and shots in their own attack, the Warriors forced the visitors into numerous

turnovers before they could take aim at the goal.

Paid Audience

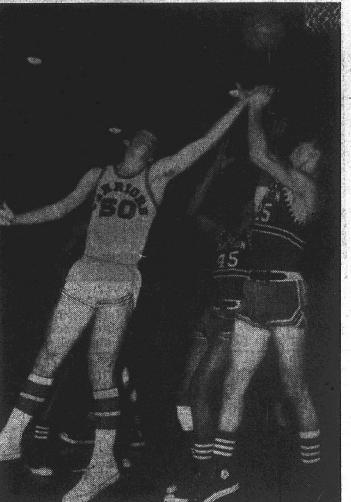

Playing before a capacity crowd, the Warriors hit on 49% of their attempts to Madison's 46%, and outrebounded the taller Trojans. GCHS trailed 11-15 in free throws but led 24-16 in field goals.

Madison gained the first of its three leads 2-0, on a bucket by Ron Burt.

Successive baskets by Jim Hentzel and Terry Moore gave GCHS a 10-13 lead.

After Burt hit another jumper, the Warriors went to work, baskets by Jeff Jones and Gary Simpson boosting the score to 17-15 and 19-17.

THE NAMES ARE THE SAME but it is the final quarter in the Trojan-Warrior game, with Terry Moore (50) using his height advantage to grab another rebound from Trojans Joe Collins (45) and Neal Podoba (25).

McCluskey's cagers could do nothing on a basket and free throw made it 32-21, with Moore scoring twice and Simpson and Jones each tallying one field goal.

After two charity markers by Lusk, two buckets by Hentzel and one by Simpson provided a 36-23 spread, trimmed to 35-25 as Neil Podoba registered the Trojans' first third-quarter field goal with a minute and 40 seconds left.

A Moore goal gave the Warriors their 24-21 margin at the intermission.

Burt Leads Trojan Rally

Burt's hot hand made the score 15-13 as the bullet backliner hit a 10-foot jumper.

Granite City regained the lead

20-19 on a basket and free throw made it 32-21, with Moore scoring twice and Simpson and Jones each tallying one field goal.

After two charity markers by Lusk, two buckets by Hentzel and one by Simpson provided a 36-23 spread, trimmed to 35-25 as Neil Podoba registered the Trojans' first third-quarter field goal with a minute and 40 seconds left.

A Simpson layup was followed by a 10-footer by Lusk.

Balhawking by Jones

Jones stole the ball and sank a layup and, on the next play, stole it again, hitting a 10-footer from the corner. Stuart hit, and a Lusk free throw produced the 44-28 score for the start of the fourth period.

Lusk scored all of Madison's 19 points in the final quarter, during which the Warriors were held to 15. But the outcome was never in doubt after the big third-period spurt.

17-Point Advantage

Folks took game honors, scoring by Hentzel and Simpson again gave the Warriors a 17-point lead, 47-30. Lusk countered but Hentzel hit from a total of eight points in the period.

Moore and Hentzel shared GCHS scoring honors with 16 each. Simpson tallied 13, Jones 10 and Stuart four.

Lusk took game honors with 27. Burt scored 14 for Madison, and Pecore, Steve Geroff and Joe Collins each contributed two

points.

Red Devils Draw By In District Tourney

The Venice Red Devils have drawn a bye as hosts of the Tri-City Invitational basketball tournament Feb. 22-24.

The winner of the first-round Lovejoy-Marquette game will vie with the top-seeded Red Devils in the second round.

Several freshmen were on the second floor of the house, including Michael Leatherman of the Venice department and Elmer Smith of the Madison department, when the child was found. The area was still filled with smoke.

Shortly after the boy was carried out, his mother returned to the scene. Upon being informed of the tragedy, she again became hysterical and was carried away by her sister, Mrs. Haynes.

Trapped Stoker Gas

John Belcliff, assistant fire chief, said the boy was trapped in the furnace when the fire apparently was caused by explosion of trapped stoker gas in the flue. The furnace was burning.

Buchanan told him that Mrs. Forsee had called to order the best grade of fuel and complained that the furnace kept going out. If the flue was clogged, gas easily could have built up before it exploded.

The family had been living in the house only about three weeks after their return from Texas where they had been for four months. Mr. Forsee was working there as a welder before being laid off. He had worked at Granite City Steel Co. before he came to Texas.

The boy was born in Granite City. Besides his parents, he is survived by six brothers, Cpl. Richard Allen Forsee, 19, a soldier stationed near El Paso, Texas; Roger, 16; Billy, 13; Beryl Jr., 5; and Beryl III, 3. Beryl Jr. and Beryl III are the sons of Mrs. Edna Forsee, 31, of Madison.

Mr. Forsee and his wife, Mrs. Martha Jane Forsee, 28, of Madison, and their two sons, Richard and Robert, 10, were staying with their son, Beryl, and his wife, Mrs. Edna Forsee, 28, of Madison.

Mr. Forsee had been a welder at Granite City Steel Co. before he came to Texas.

Refreshments were served by Mrs. Woodrome to Mr. and Mrs. John and Mrs. Barbara and Mr. and Mrs. Tom Kowalski and children, Susan, Kristy and Tammy, all of Granite City, and Barbara and her family.

BARBRES HONORED AT
FAREWELL GATHERING

Mr. and Mrs. Al Barber were honored with a surprise social gathering in the educational building of First Baptist Church Sunday following church services.

Barbres, who recently retired from Granite City Steel Co., and Mrs. Barbres will make their home in Independence, Mo. Their daughter and her family will remain in Independence, and the Barbres will be moving there Friday.

About 35 members of the church and special guests greeted the family Sunday. Mr. and Mrs. Denzil Dunn, Alton, Miss Sue Sloan and Rev. and Mrs. W. L. Showers were among those at the social event.

Mrs. Nannie James, Mrs. Mary Lassen and Mrs. Doris Hargrave served home-baked cakes with gelatin and coffee. Gifts were presented to the honored couple.

CLASS PLANS SUPER

The Bethany Sunday school class had a monthly meeting Tuesday evening in the home of Mrs. Edith Stover, 710 Madison avenue. Mrs. Gertrude Stover opened the meeting with prayer, followed with the class song, "Trust and Obey," and the class aim, motto and Scripture in unison. The devotional was given by Mrs. Betty Barr on "What is Success?"

Roll call was answered with each giving his idea of success. Class plans for the year, ill and plans were made for a pot luck supper in the educational building March 18.

Mrs. Vesta Williams, class teacher, closed the meeting with a refreshment.

Refreshments were served by the hostess to those in the program and Mrs. Geraldine Stein.

Mrs. Bernice Whitten, Mrs. Pauline Cory, Mrs. Evelyn Jane Hall, Mrs. Betty Jackson and Mrs. Hilda Jackson. Mrs. Stein offered prayer.

road might cause a jam up of cars and create a greater hazard.

Critical of Studies

Basarich and Johnson proposed a traffic study commission and other planning groups for failure to recommend preventive measures after a pedestrian was killed at St. Elizabeth's Pontoon road crossing in Venice.

Johnson called for immediate action on all three lights, as did Alderman Basarich, Nonn, Grimes, Johnson, Dallas, Roberton and Poulos.

They pointed out lights are needed in other locations near schools, and suggested parking along standing bars for at least 100 feet from the school to a clear view of the crosswalk to motorists. He added that the police traffic officer was having trouble with drivers in selection of crossing guards and suggested "Now's the time to quit playing politics with school crossing guards."

Joint Responsibility

Fry pointed out lights are needed in other locations near schools, and suggested parking along standing bars for at least 100 feet from the school to a clear view of the crosswalk to motorists. He added that the police traffic officer was having trouble with drivers in selection of crossing guards and suggested "Now's the time to quit playing politics with school crossing guards."

Planes were completed for a 4th District meeting Feb. 19 at the VFW. A pot luck dinner will be held at 12:30 p.m. and the meeting at 1 p.m.

Other auxiliary dрапed the charter for a deceased member, Mrs. Vivian Harmon. A luncheon was served by the Auxiliary to 50.

YAK YAK CLUB MEETS

Mrs. Kate Dymas of Madison was hostess to the Yak Yak club in her home Monday evening.

Valentine handkerchiefs were exchanged and the birthday of Mrs. Clara Simmons was observed.

A get-well card was sent to Mrs. Jack Scarlett, mother of one of the members. Games were played and prizes were awarded.

Mrs. Karen Syneski and Mrs. Ethel Moore, members of the Womans Brown Fund, served refreshments.

When the motion was restated, the discussion was 40 minutes old, when Whitmer commented, "I've had a lot of flower speeches. You can tell when they're being made. These people want lights, and it will be our votes that will tell them. Let's vote."

When the motion was restated, the discussion was 40 minutes old, when Whitmer commented, "I've had a lot of flower speeches. You can tell when they're being made. These people want lights, and it will be our votes that will tell them. Let's vote."

Sternberg protested, "Now we're in the crushing guard business," he said. "The state experts say guards provide the best protection. Our records don't show it. We must have physical examinations and for three-way responsibility for the parents and the schools to educate the children on safety and for the city to solve the problem."

Pressure—Conference

"There aren't enough guards in the city to protect all the children. If you're here to pressure us, you should have met with city officials to go over the problems."

Both Rev. Mattingly and Uram replied.

"There aren't enough guards in the city to protect all the children. If you're here to pressure us, you should have met with city officials to go over the problems."

Both Rev. Mattingly and Uram replied.

Sternberg suggested the city proceed with the lights but give further study before hiring guards to man them.

The guards are costing \$150 a month each, and we'd pay \$3 a day for someone to push a button."

"This is the U.S. where politicians can talk politics," Rutledge continued, "and I'm sure we can't afford to do that. We do have guards at lights where they are needed at Nameoki and Pontoon roads and at West 2nd and Mississippi avenue. Let's try to do that first."

How Many Saved?

Alderman Parney commented that it was easy to count accidents, "but how can you tell the number of lives saved by the guards?"

It was 8:58 p.m. when the 13-2 vote was taken. For the lights and guards were Nonn, Whitmer, Basarich, Bortasik, Johnson, Dallas, Moerlein, Thompson, Parney, Purnell, Roberton, Poulos and Green. Opposed were Rutledge and Sternberg. Alderman Boyd was absent.

For called for all buildings to be painted within 10 feet of the lights, but the motion was rejected.

Mayer noted that the state law specifies 30 feet. Parney's suggestion for a study of Rutledge's recommendation was voted down.

With the discussion ended, a five-minute recess was called.

Plan Another Appeal In Rail Tax Case

Another effort to save at least part of the tax refunds paid to 12 operating railroads by the Illinois Supreme Court is under way. The railroads' plea was filed by Bernard in behalf of Madison county school districts. The remaining plea was based on the grounds that the railroads' cases will be made by Burton should have refunded \$1 million through an appeal to the U. S. Court. The appeal is expected to the Supreme Court, it was reported to be made within the next two months.

Marion Verton, Livingston school district superintendent, NORMA'S MATERNITY SHOP said the appeal will be based on 2222 NAMEOKI RD.

Order Fixing Usage of Milk Amended by U. S.

The U. S. Department of Agriculture has amended its January milk marketing order to permit the distribution of milk to the Southern Illinois District to remain in the federal marketing pool if it distributes at least 40% of its milk supplies on established routes as being milk. This allows up to 60% of milk purchased from dairy farmers for manufactured products such as cheeses, ice cream and similar items.

The federal marketing order currently requires distribution of 50% of purchased milk supplies for fluid use, according to Jim Dressel of Aero-Dressel Co.

The marketing pool is made up of distributing plants who pay into the pool for their supplies and receive a sum depending upon the use to which it is put.

The pool, in turn, reimburses dairy farmers at the same rate of payment throughout the district comprising the pool.

The Southern Illinois area includes Granite City, Alton, Bloomington, Decatur, Danville and Springfield.

Sunday Services

"Soul" will be the title of the lesson-sermon Sunday at First Church of Christ, Scientist, 2580 Delmar Blvd. The Scripture from Psalm 34:8 is included. It is "The Lord redeemereth the soul of His servants; and none of them that trust in him shall be desolate."

Levee District To Dredge Lake Drainage Canal

The East Side Levee and Sanitary districts voted to dredge the Horseshoe Lake floodgates to the St. Clair county line early this spring to speed up drainage from the lake area, members of the levee district board reported yesterday.

In response to an inquiry by Board Trustee William "Mike" Ebersold of Venice, A. L. Krause, chief engineer of the levee district, said work is planned on the dredging project as soon as possible after March 1, depending upon the availability of funds. He said the district hopes to eventually dredge and clean out the channel as far as St. Clair Avenue in East St. Louis, but that this would be done over several years.

Ebersold pointed out that the channel between the floodgates and St. Clair Avenue line is said to be the point that creates a bottleneck which could be responsible for serious flood conditions in periods of heavy rainfall. The channel drains overflow into the Illinois River into the channel leading to the Linn Pumping station.

Create New Fund

The levee district board in regular meeting yesterday morning also approved a resolution creating a new fund into which all tax monies will be paid. Monies due to the general fund, the Municipal retirement fund and the various bond and interest accounts will be distributed out of the new clearing account fund.

In the past all monies collected by the district have been paid into the general fund and then distributed to the various other funds. City Atty. John Sprague pointed out this occasionally results in "false balances" in various accounts.

The board approved a request of the Keeley Construction Co. of East St. Louis for a 90-day extension of the contract for the Lansdowne sewage treatment plant, originally scheduled for completion March 1. Kramer told the board that the extension was asked because work yet to be completed is outside work and has been delayed by cold weather.

Kramer said the treatment plant, however, will begin processing waste water in early April 1, since uncompleted work consists primarily of road grading, curbing and guttering and other outside jobs. The system will serve Venice and Madison.

Approves Plant Bills

The board approved bills of \$2777 to Horner & Shifrin engineers, \$12,750 as partial repayment to the Housing and Urban Development Agency of a planning grant of \$35,000 as final payment to Keeley Construction Co. for labor and materials on the treatment plant.

Claims totaling \$3,010 and payroll costs totaling \$4,478 for the month of January also were approved for payment in yesterday's meeting.

The board set Feb. 17 as date of a special meeting for approval of the new tax rate. The levy customary is passed ten days after publication of the district's budget and appropriation ordinance.

Kiwanis to Buy Projector for Scout

Granite City Kiwanis authorized purchase of movie projection equipment for use by Boy Scout troops in the Uniwhi District and discussed other future projects during a recent meeting Monday at the Rose Bowl.

Melvin Gillie, club president, called for year-end reports and it was learned that the youth choir was formed by the club for those in need of a local band. Rehearsals are to be held at the club and to determine if additional equipment is needed or repairs necessary. Assisting Russell will be Michael Toundas and Herbert Schnatt.

Unanimous endorsement to construct two benefit bond issues for events in 1967 was given after a report was presented by Wilbur Waggoner, race chairman.

Details concerning the year's events in 1967 were announced as May 21 for the marathon race and Aug. 20 for the sixth annual all-classes event. Both will be co-sponsored by the Kiwanis and Boy Scouts and held at the Mississippi River, near Hartman.

Plans were completed for a "ladies evening" and St. Valentine's Day party to be held Monday evening at the Rose Bowl. The program will be demonstration of the latest in women's fashion and men's hair styling to be presented by Earl Parsons, local beauty salon owner.

Sierra members also agreed to attend a club meeting Tuesday, with the Belle-Clair Kiwanis of Belleville, include Freeman Wolfe, Gillie, Marvin Barnes, Peter Jellen, Paul Wurthen and William Herman.

Miss Spangler Wins Crown

Miss Carol Spangler, a daughter of Mr. and Mrs. Robert Spangler, 3669 Terrace Lane, was crowned "Miss Heartbeat of 1967" by the University of Missouri School of Medicine at the recent annual "Golden Apple" dinner dance at the University.

Miss Spangler was one of five students chosen for the honor. The winner is selected by the Medical students and is awarded the crown on the basis of popularity, beauty and nursing ability.

Registered nurse, she was graduated from Jewish Hospital School of Nursing, St. Louis, and served for three years on the staff of St. Louis Children's Hospital.

Miss Spangler, 21, received her Bachelor of Science degree in nursing earlier this year. She is assistant director of education at the Mid-Missouri Mental Health Center in addition to being a supervisor at the University of Missouri Medical Center in Columbia.

Changes in City Liquor Control Law Still Pending

No decision was reached Monday night by Granite City council members as to whether the present city liquor control ordinance, which prohibits "piling of hooch" by minors, should be retained.

The annual meeting of the Quad-Cities Ministerial Association was held Tuesday evening at Central Christian Church 2026 Main Street, Quad Cities. The 1967 officers were installed by Rev. R. Paul Sims, retiring president and pastor of Niedringhaus Memorial Methodist.

They are Dr. Raymond E. Troyer, president; Rev. Alfred B. Bals, vice-president; Rev. James Eldridge, secretary; and Phillip Burke, treasurer.

The women of the church served the dinner, and Mrs. James R. Craddock, Protestant Welfare, Gail G. Cross, chairman, James Eldridge, radio—John DiGiocomo, chairman, George Reader, W. J. Richardson, and Don Whiteman, chairman of the Mayor's Commission on Decent Literature will be Rev. Craddock and Rev. Richardson. The Tri-Cities Chamber of Commerce representatives were named as follows: Dr. Troyer, board of directors; Rev. Sims, legislative committee; Rev. Survey, citizenship committee; Rev. Bals, educational committee; Rev. Johnson, civic improvement and development committee; Rev. Cross, health Fund; and Rev. Twietmeyer, service committee of the United granite St. Louis Metropolitan Radio in the Tri-Cities.

In the installation service Rev. Sims expressed his appreciation for the fine spirit of cooperation shown by the ministers and the churches of the area during his term of office.

In addition to serving as chairman of the Social Concerns committee, Rev. Sims will serve as the clergy representative on the Legislative Committee of the Chamber of Commerce.

More Than Requested

Alderman Whiteman said he had requested the closing hour revision for the police department. "So the department would know exactly what to enforce, but I didn't know anything about the carryout boys. Someone added that it is the ordinance before it was presented."

He requested that since it was holding up the closing hour amendment, that it be eliminated from the ordinance before the next council meeting.

City Atty. Allen advised Whiteman that closing hours are listed in the control ordinance at 1 a.m. on weekdays and 2 a.m. on Sunday, and that they are clear cut enough for enforcement by police. "The public is here to see for people to be out."

Quotes Code on Ages

Alderman Farney pointed out that the city code also states that minors are not to be at places selling liquor unless accompanied by parents.

Atty. Allen advised that the present law appears to cover working at drive-in stores.

Atty. Allen said the clarification to pinpoint ages for carryout boys had been requested by Deputy Liquor Commissioner Hill.

He added that the present ordinance would cover the situation.

"Looks like a matter of enforcement," Sternberg noted.

Basarich contend that the law was not designed to deprive boys from working.

In the debate of two weeks ago, Allen said the 21-year stipulation for carryout boys was sought because the boys were the contact for the business place and the customer, and it was felt that the 21-year-old good judges of ages of customers.

Proprietor Appeals

Permission was given for Ray Kelley, proprietor of Bellemore Drive-In Liquor, to speak. He stressed it was the proprietor's preventatives that keep sales to minors to a minimum.

He said three of his carryout boys are college students and are working to put themselves through school. "This is my living, and you're putting me out of business."

Also in the audience was Edie Brinkley, who urged the council to take all steps necessary to prevent liquor sales to minors and keep underage persons from frequenting or working at places selling liquor. He called upon the city to enforce its control ordinance as it applies to operators. "We citizens are concerned with teenagers peddling booze," he added.

Kelly again protested such a move would put drive-in firms out of business, and Mayne Farney added that he has discovered a number of city ordinances in the Municipal Code have flaws and could not be enforced.

The matter ended with an interpretation due on the status of the liquor control ordinance.

Venice Youth Enlists On Delayed Plan Basis

Terry Cooper, 18, son of Mr. and Mrs. James Cooper, 72 Venice, Homestead, enlisted in the Marine Corps Monday on a "join now, serve later" plan.

He delayed his departure until June 6 when he will report to the recruit training depot at San Diego, Calif., for eight weeks of "boot camp" and then will report to Camp Pendleton, Calif., for four weeks of advance combat training. He then will be eligible for 20 days leave before reporting to his permanent base or to a school.

Cooper is a graduate of Venice high school and attended Belleville Junior College. He enlisted through Sgt. Isaac Pickard, new local Marine Corps recruiter, who is stationed in the Granite City hall on Wednesdays. He may be contacted at UP 5-1212.

22nd-Adams Collision

Autos driven by William D. Cochran, Belleville, and Larry W. Keeton, 2517 North street, collided at 8 a.m. Wednesday at 22nd and Adams streets.

BE MY VALENTINE

February is a wonderful month for food ideas. The birthdays of Lincoln and Washington present ideas for special party foods. February also marks the start of Lent and the Mardi Gras celebration.

Each of these events can make a family meal a special event, but the one day more than any other when the family is coming together is Valentine's Day. The designation by St. Valentine is one of the symbols of friendship. The giving of food is an outward, warm sign of love and friendship. Our Valentine's Day we can start with an oven-hot, heart-shaped cake if baked in that shape of pan or foil.

At lunch, a bright red gelatin valentine salad can be the center of interest and nutrients.

In the evening, a heart-shaped cake or torte surrounded by a cloud of pink frosting is a perfect end to a Valentine's Day dinner.

To combine the favorite fruit of February, cherries, with the favorite dessert of Valentine's Day, a Cherry Cake is a delightful combination.

2 1/2 cup cake flour, sifted
1 1/2 cup granulated sugar
1 1/2 teaspoon salt
4 1/2 teaspoons baking powder
3/4 cup butter or margarine

1/2 cup Maraschino cherry juice
1/2 cup milk
5 egg white, unbeaten
1/2 cup whipped marshmallow cherries

Cream butter and sugar. Add egg whites. Sift dry ingredients and add alternately with liquids. Beat until smooth. Fold in chopped cherries. Pour into 9-inch, greased and floured, heart-shaped layer pan. Bake at 300° for 30 to 35 minutes.

Frost with pink cloud and serve with love.

MISSIONARY MEETING

The Ruth O'Dell Missionary circle of Calvary Baptist Church met Tuesday evening in the church for a monthly meeting. Mrs. Mae Williams opened the meeting with Bible verses and Mrs. Esther Owens offered prayer for missionaries.

Mrs. Harry Jones led the program. Missions Work in Board of Christian Education. Mrs. Ida Kilmel, Mrs. Owens, Mrs. Thelma Phelps and Mrs. Harold Henry, Mrs. Jones closed the program with prayer.

Mrs. Ruby Pfaff gave a report and demonstrated how to prepare napkins holders as valentines and containers of candy to be sent to the county sanatorium.

Refreshments were served by Mrs. Williams and Mrs. Henry.

A book study program is set for Feb. 27 at the church, and the next meeting will be March 7.

WORLD DAY OF PRAYER

Members of the Women's Board of Christian Education will conduct a "World Day of Prayer" service Friday at 10 a.m. at the church, 3715 Wabash avenue.

Members of the church and the public are being invited to attend.

Refreshments were served.

Scout Weekend

Mr. Bill Holt was honored with a Faraway party Tuesday at Bert's Chuck Wagon by Mrs. Charles Temple.

Games were played during the afternoon and several prizes were awarded. Each guest brought a gift for the honoree. Gifts for a kitchen shower were presented to Mrs. Holt, and the afternoon's activities were closed with an Irish dance.

Attending were Mademas

Glenda O'Brien, Alma Beckmann,

Amy Turnbush, Freddie McElroy,

Mary Johnson, Julie,

Laura Travis, Evelyn Giltz, Eustis,

Sam Pare, Madge Ramsey,

Josephine Urane and Louis Hol-

zinger.

Mrs. Holt and her husband will move from this area in the near future.

MRS. WILHELMZ HOSTESS

Mrs. Margaret Wilhelmz entertained the Variety club Tuesday in her home, 2010 Pontoon road, for a monthly meeting.

The evening was spent playing

games and prizes were given to

Mrs. Ellen Ozanich, first,

Mrs. Lorraine Mercer, second,

13 Elections in April

All But School Board Candidate Filing now Under Way

With the opening last week of the filing period for the Granite City and Venice park board elections, filing periods now open for all of the April elections except that of school board members in the Quad-City school districts of Granite City, Madison and Venice.

The park election filing period opened last Friday at 9 a.m. and three candidates filed petitions within a few minutes. Two park board seats are open in Granite City and in Venice. Both districts have five-member boards.

The three candidates filing in Granite City were Milton Worthen, 3506 Terrace lane, incumbent and vice-chairman of the board; Clarence Baumeyer, 1001 1/2 Avenue, incumbent; and Chris VonNida, 2425 Jorden Avenue. In Venice, the only expiring park board term this year is that of Peter Ponc, who also has filed.

Candidates may file petitions through March 15. The board secretary, Frank Ray, is in Granite City and Leroy Kutz, 1234 Robin street, Venice.

Three Election Dates

The April "off-year" elections will include the Granite City municipal election and three school elections and two park district elections on April 4; three school district elections on April 8, and city and village elections—which include Madison, Venice and Pontoon Beach—on April 18.

Opportunities for primaries open to balloting in the Granite City municipal election has developed thus far in only a few areas, with the remaining spread into the final week. The filing period, which opened Jan. 9, ends at 5 p.m. next Monday. Filing has been snarled by a mandamus suit seeking to reduce the number of days.

Filing periods now are open in the cities of Madison and Venice and the village of Pontoon Beach for municipal elections to be held on April 18. The filing period will end at 5 p.m. Monday, Feb. 27. Withdrawal deadline is 5 p.m. on March 4.

School Filing Opens Feb. 22. School districts are filing periods will open on Feb. 22 and continue through March 18. Candidates are to file petitions with the offices of the board secretaries. Withdrawal of candidates will be permitted through April 21.

Granite City School District 9 will elect two members to regular six-year terms and a third member to a one-year period of an unexpired term.

Regular terms expiring this year are those of Dr. E. W. Watson, board secretary, and Carl

Macios, who was appointed last year to serve out an unexpired term.

The regular membership term is now held by William Harris. This term will expire under the regular schedule in 1968 and whoever may be elected will be required to be re-elected to run again next year.

Must Designate Officer

In filing petitions of candidacy it will be necessary for candidates to designate whether they are seeking election to the regular membership or to the unexpired one-year term.

Venice School District 3 will elect two board members for whom candidates are filing now, held by Fred Duer Jr., 2001 1/2 Avenue, and John Gonterman.

The three board terms expire this year on the board of Madison Park. They are held by John Bellomy, 2425 Jorden Avenue; Chester McManaway and Calvin Fisk.

All three incumbent assistant superintendents of Granite City township have filed petitions as candidates for the regular membership.

Madison Lions to Fete 25th Anniversary

David A. Evans of Texas City, Tex., second vice-president of Lions International, will be the principal speaker at the 25th anniversary of the Madison Lions Club to be celebrated at a dinner-dance Saturday, Feb. 18. It was announced today by James H. Perdue, Madison Lions president.

Approximately 200 Madison club members, their spouses and guests are expected to attend the affair at the Lewis and Clark restaurant, East Alton. Reservations are to be made prior to Monday with Madison Police Club.

Special honored guests will be 12 of the original 18 members who organized and chartered the local club. The group includes Lacy Arms, Jim Lewis, James Ladd, G. M. Mally, Frank Morris, Joseph Richardson, John Uzonoff, Nick Vasileff, Courtland Lybarger, Frank Hideg, John Burdick and Emil Ulanski. In addition, awards, citations and citations will be presented to about 50 club members during an awards ceremony conducted

DAVID A. EVANS

by the Lions International of

Lions International. Elected in July 1966 to the guest speaker has a wide and varied background in club affairs. He is the recipient of five

International Presidential awards and the Ambassador of Good Will award. He also has been made a life member of the Texas Lions Club for Cross Country, a summer camp located on a 504-acre, one-and-a-half million dollar site near Kerrville, Tex.

During his years of Lions activities, Evans has visited Lions clubs in 22 countries. In 1959-60 he was a 100% district governor of District 10, Texas. As an International director, he also served as chairman of the International membership committee in 1963-64.

A leading businessman in Texas City, Evans holds the appointment of pilot commissioner to the Governor of Texas. He is the owner of a construction company and is actively engaged on the executive level of four other company boards. He and his wife, Betty, have two children, Tanya Rene and Joe.

Youth Week Planned At Grace Baptist

Youth Week will be observed by the young people of Grace Baptist Church, 2600 Edwards Street, Feb. 19.

The week's activities will begin with a "sweetheart" banquet Friday, Feb. 10, at which a king, queen, prince, princess and a knight and lady-in-waiting will be selected. The Rev. Richard Belcher, pastor, First Baptist Church, Washington Park, will be the guest speaker.

Following the Sunday morning worship service Rev. Clifford Moeller, pastor, and other church officers will present keys to the new offices to Jerry Sharp, pastor, Grace White Training Union director. John Guy, Sunday school superintendent, and Dennis Myracle, music director. The Sunday evening service will be directed by the young people.

During the week there will be a visitation program and cottage prayer meeting and the young people will be in charge of the Wednesday night service. To top off the week of activities there will be a youth fellowship revival Feb. 17 through Feb. 18. It will be directed by a team from Southwest Baptist College, Bolivar, Mo.

On Sunday morning, Feb. 19, the young people will be teaching Sunday school classes in the various departments and will be in charge of the morning worship. After the service there will be a basket dinner to begin at 7:30 p.m. and at 10:45 a.m. on Sunday.

Bill List, Payroll OK'd by GC Council

A \$13,937 bill list and a half-month payroll, totaling \$44,045 were approved Monday night by Granite City council members.

Several aldermanic expenses allowances were included on the approved bill list, but since Noeveler, none of the aldermen voted to the mayor's refusal to sign the checks. He contends aldermanic expense allowances are not permitted under state statute.

Also included on the bill list was payment of \$2,000 to B. C. O'Neill for negotiating the city purchase of right-of-way for the south Nameoki road construction.

A water service bill of \$539 for the sewage treatment plant was paid to the U. S. Treasurer, since the plant is located on the Army Depot. The council has been considering the need for a well at the plant to reduce water costs.

Capt. Shuppert On Duty At Ent AFB, Colo.

Capt. Ben A. Shuppert, son of Mr. and Mrs. St. Clair Shuppert of 42 Moorland drive, has arrived for duty at Ent AFB, Colo., near Colorado Springs.

Capt. Shuppert, an aircraft maintenance officer, previously served at a forward U. S. Air Force combat base in Southeast Asia. He is assigned to the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

The captain, a graduate of Granite City high school, received a B.S. degree in Industrial education from the University of Illinois, Urbana, Carbondale, and was commissioned there upon completion of the Reserve Officers Training Corps program. He is a member of Theta Xi. His wife, Shirley, is the daughter of Mr. and Mrs. Elmer Crane of 2645 Washington.

No-Parking Zone At 2000 Cleveland

A no-parking zone on the west side of Cleveland blvd., extending north from 20th street was reduced in size from 50 feet to 25 feet by Granite City council members Monday night before giving approval for the new zone.

Third Ward Alderman Poulos

contended the shorter zone was sufficient, and that the larger zone was an unnecessary expense.

The restricted area was re-

quested by the library board be-

cause its larger tractor-trailer

bookmobile was having difficulty

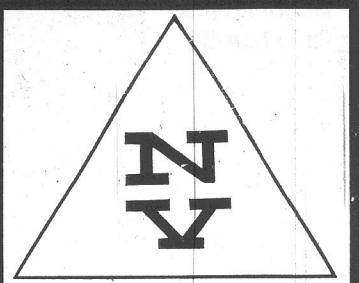

getting off the library parking

area. A request for a stop sign

ordinance to place a stop sign at 27th

and Center streets was made by

Alderman Robertson.

Council Proposes Ban on Horses

An ordinance to prohibit the stabling of horses in Granite City was proposed during Monday night's meeting of the Ward Alderman Gerald Parnsey.

The aldermen noted he knew of at least one horse being kept in the city in the vicinity of Frohring School and that a schoolgirl was injured recently when she was taken by shortcut and was kicked by the horse.

"She was a small child and couldn't read the 'no trespassing' sign, and you know how horses and children need to be kept from this happening again, and also, there's the odor problem during the heat of the summer," Parnsey said.

Other aldermen agreed that steps should be taken to eliminate the nuisance, and others commented that as the city's traffic problems continue to mount, it might be wise to switch from autos and go back to horses.

Authorization was given for the anit-horse ordinance to be prepared.

John G. Londos, 73, Dies; 45-Year Resident

John G. Londos, 73, of 2815 Grand avenue, a local resident for 45 years, died of pneumonia at 4:10 a.m. Tuesday, at St. Elizabeth Hospital. He had been a patient at the hospital and had been ill four days as a hospital patient for the same length of time.

A native of Edessa, Greece, Mr. Londos had retired in 1961 from General Steel Industries, where he was employed 30 years as a tool preparer. He was a member of the United Steelworkers of America, Local 1022. He is survived by his wife, Mrs. Katina Londos; two sons, Rev. Father George J. Londos, pastor of St. John the Baptist Church; Helen Greek Orthodox Church, East St. Louis, and James J. Londos of Granite City; one brother, Chris Londos of Greece; and four grandchildren.

Funeral services were held at 2 p.m. today. Details are given elsewhere in this issue.

GC Parking Meter Income In January Sets Record

Parking meter fees and fines were totalled in Granite City in January totaling \$400, an all-time record income for the month of January since meters were installed in 1950.

Fees collected last month totalled \$300 and fines amounted to \$88, according to a report by Comptroller Robert Stevens.

Last month's fee collections were the largest for any January since 1964. The \$88 in fees was received, but the unusually high January collection of fines was the largest on record for any January and in-

creased the total to the highest of any January on record.

Assessment of meter fines were insignificant for many years until the beginning of 1966 when the police department began to issue parking tickets.

Fine collections for all 12 months of 1966 amounted to \$2,819. In January a year ago meters were operated 20 days and fines amounted to \$88. The January 1965 collection of fines was \$116.

Meters were operated 25 only \$50.

Meters were operated 25 only \$50.

The police drive against meter violations showed obvious results last year with the fine collected in January of \$88.

January fee receipts of \$351 higher than the \$280 received in January 1965 while the overall average meter income of \$116.

January 1962 collection of fines was

January a year ago by \$365.

Prior to last year, fine collections customarily were slight, to \$38,629.

January collections of a year ago when fee income was \$289 and January, the 1965 fine collection, for example, was \$151 for the month of January.

A step in establishing a central advisory board to correlate, assist and evaluate local problems involving health and economic needs has been taken by representatives of area social service agencies, it was announced today.

Those participating in the program elected to name the organization—the Tri-Cities Community Services Council. Members of the group principal objectives as the first major action since the group initiated meetings last fall.

Council members approved a statement of objectives presented by Dr. Felicia D. Koch, St. Elizabeth Hospital administrator, who prepared the report based on decisions reached in earlier sessions.

Goals of Council

Particulars of the council are to determine social, economic and health needs in the local communities; determine what resources are available to area residents; coordinate available resources and institute education programs, alerting the public to health needs and assist in establishing and developing programs to fill requirements in areas where services do not exist or need expanding.

Initial projects expected to be undertaken by the council relate to health education programs, specifically directed toward lower economic areas and dealing with basic hygiene-health education. In addition, council members also plan to publicize the services readily available in these areas, some of which are not extensively utilized.

Formal organizational meetings with elected council officers and committee chairmen, is expected to take place at subsequent meetings. David Walker, is assistant director of the Madison County Economic Opportunity Commission, which serves as acting chairman, with Mr. Lorraine Parkinson, Catholic Charities director, acting secretary.

Attending the most recent planning session were Victor Popov, Marvin Van Metre, YMCA adult program and membership director; Jerry Staton, Quad Cities Memorial Hospital; Reed Davis, Granite City acting superintendent of schools; Miss Helen Canada, River Bluff Girl Scout Council executive; and Robert Gunn, county public aid director.

Other agencies represented at earlier sessions who are expected to participate in the program, include: Granite City Housing Authority, Illinois Youth Commission, Tri-Cities Ministerial Alliance and the AFL-CIO Community Services.

Membership in the council primarily will consist of delegates from most of the professional agencies, Walker said, to get the maximum benefit from improvement or citizen's groups interested in promoting better conditions in the community.

Apartment Glass Broken

Eight panes of glass were broken at new apartments under construction along Maryville Avenue, according to police, reported Monday by Joseph Morey, foreman of the Cannon Construction Co. Similar vandalism had occurred there previously but to a lesser extent, he said.

Auto Battery Stolen

A 12-volt battery was stolen from a 1965 auto owned by William Stroud, 2205 Missouri Avenue, while it was parked at his home, he reported Monday.

Federal tax returns—like wills, contracts and other legal documents—have to be signed to be complete.

Jay G. Philpott, IRS district director, said today that unfortunately, thousands of Illinois taxpayers forgot to sign their returns last year and as a consequence their refunds were delayed.

On joint returns, Philpott said, it is important for both husband and wife to sign. Each shares legal responsibility for the return and each must sign.

It is necessary to sign a return even though the taxpayer has someone else make it out for him. "The taxpayer is the person entitled to the refund," he said.

When returns are received that are not signed by the taxpayer or taxpayers if it is a joint return, the IRS will not file the return until a joint return is signed.

Philpott noted that this requirement is waived for joint returns when the husband is a service member serving in a combat zone, such as South Vietnam. In that case, the signature of the wife of a joint return is sufficient.

Other agencies represented at earlier sessions who are expected to participate in the program, include: Granite City Housing Authority, Illinois Youth Commission, Tri-Cities Ministerial Alliance and the AFL-CIO Community Services.

Membership in the council primarily will consist of delegates from most of the professional agencies, Walker said, to get the maximum benefit from improvement or citizen's groups interested in promoting better conditions in the community.

To avoid processing delays, Philpott advised taxpayers to take another look at the return before sending it in. "This kind of double check will often avoid mailing a return that is not signed, has a missing or inaccurate social security number, no W-2 form, or contains a mistake in arithmetic."

When returns are received that are not signed by the taxpayer or taxpayers if it is a joint return, the IRS will not file the return until a joint return is signed.

Philpott noted that this requirement is waived for joint returns when the husband is a service member serving in a combat zone, such as South Vietnam. In that case, the signature of the wife of a joint return is sufficient.

Queen's Prayer to Highlight World Day

A prayer written by a South Sea Island Queen will be Rev. Robert Baum, pastor of the host church, at the annual World Day of Prayer service to be sponsored by the Quad-City Council of Church Women at 7:30 p.m. Friday at St. Peter United Church of Christ, 21st street and Cleve-
Bauer.

All of the community is invited to attend the observance.

Millions of persons in 127 countries will unite in prayer on the same day. Mrs. Collins said, "Written by a South Sea Island Queen who knew she had only a few months to live, the prayer service will fill a need for every Christian woman, for it embraces praise and thanksgiving, supplication for forgiveness, and entreaty for God's help for all who are in trouble and who are working toward man's life in a better world," the chairman said.

No barriers of race, denomination or culture are recognized when women come together for the prayer service. "It has been for nearly 80 years," she explained, adding, "Nor do the women stop at supplication. They bring monetary gifts to help support Christian interdenominational work."

Also participating in the pro-

gram will be Rev. Robert Baum, pastor of the host church, Mrs. Avalon Young, Mrs. Elsie Branding, Mrs. Pauline Mueller, Mrs. Joyce Matson, Mrs. Esther Baumberger, Mrs. Monken and Mrs. Rose Marie Bauer.

The first of two orientation

classes for new individual and group volunteers at Alton State Hospital will be held Thursday,

Feb. 16 from 9 a.m. to noon in the class room of the special services building.

The program will feature Rev. Russell Wigfield, campus minister of Southern Illinois University-Southwestern camp, who will give the opening talk on the class.

Prospective volunteers and veteran workers are also invited.

The second orientation session

will be on Thursday, Feb. 23

from 9 a.m. to 2:30 p.m. Those attending are asked to bring a sack lunch. A tour of the hospital will be available upon conclusion of the classes.

50th Anniversary To be Observed

Mr. and Mrs. William H. Brave, parents of Robert L. Brave, Route One, will observe their golden wedding anniversary at an open house for relatives and friends Saturday from 2 p.m. until four o'clock at Eden United Church of Christ, 903 Second street, Edwardsville, the former home of the couple. They are now residing at the Hill Memorial Home, Alhambra.

Mr. and Mrs. Brave also have a son, Miss LaVine Brave of St. Louis, and two granddaughters, Kathleen and Christine Brave.

Mr. Brave is 81 and his wife is 80. They were married Feb. 4, 1917, at the home of the bride's parents on Old Springfield road by the late Rev. Bushman, then pastor of St. Paul Evangelical and Reformed Church on Bluff road. Mrs. Brave is the former Amelia Gieseeman.

Before retiring Mr. Brave engaged in construction and farming.

Housing for SIU-SW Grad Students Studied

On-campus housing for married graduate students at the Southern Illinois University's Southern campus is being considered by university officials. John S. Rendleman, vice-president for business affairs, said the feasibility of the proposal and possible locations are being studied.

He said it would not change the status of SIU-SW as a "commuter campus" in the Illinois Master Plan, as many buildings are prohibited only for undergraduates.

Rendleman said under graduate students under 21 years old.

Rendleman said a recommendation to the SIU board of trustees will be ready in about three weeks.

The possibility of converting the Alton center into housing for graduate students also is being considered, he said.

Dispensing Prescriptions Requires Knowledge

A pharmacist must know the chemical formula of the contents of every prescription, its action and safe dosage. This knowledge is necessary to protect you from a possible overdose. You can't depend on your pharmacist to know more than one prescription they together and not against each other.

It is the pharmacist's legal duty to check all physicians' prescriptions against any hazard. If he should dispense a harmful prescription, without consulting first with the physician, he needs to practice pharmacy could be taken away.

YOU CAN PHONE Us when you need medicines. Pick up your prescription if shopping nearby. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Action Deferred on Plan To Save \$3500 MFT Fee

A savings of an estimated \$3500 voted to seek bids for six new engineering fee for the city's annual \$100,000 motor fuel tax arrangement for replacement of maintenance program for arterial streets was proposed during the night's Granite City council meeting, but action was deferred.

Alderman Sternberg, Street committee chairman, presented the proposal, saying Street Supt.

Warfield was familiar enough with the project to warrant a change.

12 Delegates to Attend 'Y' Youth, Government Days

Twelve delegates from Tri-Hi-Y clubs at the YMCA will attend the 18th annual Youth and Government days April 28-30 at Springfield.

Each delegate must pay a \$30 registration fee. The girls are planning to hold a car wash and bake sale in February and March to earn the fee.

Mrs. Marty Herman, community project chairwoman for Iota Psi chapter of Beta Sigma Phi sorority, presented a \$30 check to Alan Crider, advisor for the program.

The Youth and Government program is sponsored by the national YMCA. It helps the participants to understand the functions and procedures of government and gives them a chance to propose their own bills in hopes that the State Legislature will act on them.

Other individuals, groups or organizations who wish to contribute to the project may contact Chuck Hasse, youth director at the "Y."

French Conference Next Week at SIU-SW

The French in the Mississippi Valley conference will be held next week. This will be Wednesday at Southern Illinois University's Southwestern conference in the Peck classroom building.

General chairman of the conference is John Francis McDermott, research professor of humanism at SIU-SW. The opening session will be at 9:45 a.m. Tuesday.

Subjects will range from "Zone of International Conflict: The French in the Mississippi Valley," "French Strategic Planning, 1960-1974" to "New Light on Fort Massac," and from "Ignace Francois Brouth, a French Engineer in Louisiana." "The Persian Gulf: The Persian Gulf of William W. Dubois," "Blacks and New Orleans."

Climaxing the conference will be a dinner at 7 p.m. Wednesday in the Colony hotel, Claymoor, to commemorate the 203rd anniversary of the founding of St. Louis.

SID President Donald W. Morris will preside at the dinner, which will also feature the singing of 18th century French folksongs of Canada and the Mississippi Valley, led by Clare Condon, St. Louis folksinger.

The day sessions are free to the public. Cost of the dinner meeting is \$6.50, and reservations must be received by Monday.

Mini-School' Method For Student Teachers

Southern Illinois University's novel "mini-school" is skipping traditional methods of student teaching in an effort to bring out the full potential of student teachers.

In fact, it could become a model school project. While currently a number of communities are showing an interest in joining the venture, first began last summer by the SIU department of student teaching at Carbondale, Ill., many are using the word "miniature" because of the small number of teachers and pupils that take part in a school setting.

According to R. C. Richardson, mini-school coordinator and a member of the SIU student teaching staff, main factor contributing to the program's success is that the student teacher is given more classroom independence. The main reason is that the word "miniature" because of the small number of teachers and pupils that take part in a school setting.

Last year's campus program had 11 student teachers working with 22 volunteer children from Murphysboro for a four-week period. Because the teachers had full responsibility in class, their complete potential was tapped. The students, in fact, also engaged in helping in reading, writing, listening, speaking and spelling; mathematical learning; art and music and physical fitness.

75 Antiques Presented To SIU Collections

More than 75 antique costumes, accessories and household items—ranging from an 1876 umbrella to an antique gasoline iron—have been presented in the last three years to the historic collections of Southern Illinois University School of Home Economics at Carbondale.

Latest inventory of the collections shows approximately 200 items, according to Phyllis Bubnas, assistant dean of the school.

Among the recent acquisitions are a wedding dress, a man's black derby hat, red lace panties, jewelry, an ancient sewing machine, baby clothes of the early 1900's, a white linen driving cap, a 1900's coat, when a coat like this was new, women's high lace shoes, and a pair of 1898 opera gloves.

Recent donors include Mrs. Gladys Chapman of Granite City.

Seek Big Change In Insurance Laws

(Press-Record Editorial Analysis)
With numerous insurance companies being formed in Illinois and many of them later collapsing, there has been an increasing discussion of the possibility of further state control.

In his second special message to the 1967 legislature, Gov. Otto Kerner has asked for adoption of 46 bills to "tame" about the "most irresponsible" section of the Illinois insurance laws since the Insurance Code of 1937.

Urging "protection for the public through assumption of responsibility at the state level," he said that the law as it exists when an insurance company becomes insolvent is "staggering." He said the situation seriously challenges the adequacy of present state regulation.

"People throughout this state are looking to you to prevent the crisis that can befall them when they find themselves victims of the insurance company conditions which they believe rightfully should not have been allowed to arise," he told the legislators.

State or Federal Action

"Regulation of insurance is an important responsibility of state government," Kerner said. "But it can be changed effectively if it is to be retained at a state level. This challenge must be met with vigorous resolve; otherwise, it will be lost to the federal government."

Gov. Kerner proposed protecting policyholders from insolvent firms through broadening of the state's insurance Modernization Law and through creating a \$20 million motor vehicle liability security fund, financed by casualty companies paying 1 1/4% of their net direct written premiums for the first and 1 1/2% for all that sum is reached.

To help maintain insurance solvency, he suggested requiring a percentage of each year's premiums to be set aside solely for the payment of claims.

Reducing the contestable period for pre-existing conditions

from three to two years.

Express authority to pay certain of company assets as well as accountants and actuaries to inspect and examine insurance writers in proportion to their capital and surplus; out is soliciting of insurance through so-called "fictional" firms the names by non-admitted insurance companies.

Income Tax Questions, Answers

Tax Return--Long or Short Form?

By JAY G. PHILPOTT
District Director

Q--When do you have to file the long Form 1040 instead of the short Form 1040A?

A--The general rules are that the short Form 1040A cannot be used if: (1) deductions are less than \$1,000; (2) income was \$10,000 or more; (3) more than \$200 of income was not subject to withholding; (4) special tax status or tax credits are claimed; (5) a fiscal year or accrual accounting method is used; or (6) the return is due.

The 1040A instruction booklet gives more details on who can use it and how it should be prepared. Free copies are available at IRS offices as well as at many banks and post offices.

Auto Expenses

Q--What can be deducted by salesmen for the cost of operating a car?

A--You may be entitled to deduct 10 cents a mile for the first 15,000 miles of business use and 7 cents a mile thereafter if you qualify, or you may deduct the actual cost of operation.

Of course, your car travel must be an ordinary and necessary business expense.

COLLECTORS NEEDS OLD VALENTINES, CALENDARS

To Editor: I am a handicapped veteran, disabled in a small pension. My vision and hearing are leaving me. The doctors tell me there is nothing they can do. Not wanting to worry about it, I have made a promise to myself that I will not forget my defects.

One of my projects is the history of the calendar. I am collecting real old calendars to use as illustrations. I have four that are 1883, 1884, 1887, 1896 and am looking for others.

While I am also collecting old bookmarks and Reward of Merit cards, most of my projects concern histories of hospitals, Elks, Eagles, and 4-H clubs, and Valentine Day. To make it interesting, I am collecting old valentines to use as illustrations, and plan to give them to a museum when I finish.

Communication of such items will be a great important addition to the museum's plans for future expansion.

GEORGE E. MOORE SR.
1929 St. Clair Avenue

I have a limited funds I am having a hard

time getting a more representative collection of valentines.

I am in hopes that perhaps a few of your readers may have a few old valentines they do not want. I would be happy to have any they may care to send.

I am also trying to write a book about my projects, in an effort to earn enough from it to get off this small pension and have some medical care. My projects have a dual purpose.

ATTENTION: HOMEOWNERS AND HOME BUYERS—"DON'T GAMBLE WITH YOUR FUTURE"

"YOU" cannot afford to trust the purchase or sale of your home (perhaps the biggest deal of your life), to anyone but a REALTOR. A REALTOR is a PROFESSIONAL BUSINESS MAN who has earned the right to be a member and who subscribes to the following code of ethics and regulations of the Local, State and National Real Estate Board of America. A REALTOR must earn his living only in the PROFESSION OF REAL ESTATE. He must maintain a full time business office (apart from his home) and he cannot engage in any other business or profession. He must observe the very strict CODE OF ETHICS and the rules and regulations of every local real estate board. A REALTOR is further bound by a strong PROFESSIONAL STANDARDS COMMITTEE composed of several of the most experienced members within his Local Real Estate Board. This committee has authority to discipline, fine or expel any fellow member who violates the CODE OF ETHICS in business practices with the public. Furthermore, a Homeowner or Buyer may file a complaint or grievance against any Realtor for a private hearing before the PROFESSIONAL STANDARDS COMMITTEE. A REALTOR may not use false or misleading advertising, or is forbidden to use or co-mingle any part of these funds for personal use.

NOTE: (Records show many violations of this law. Class Credit Planned For Entry in Service

A proposed program for students who enter military service in the middle of a term will credit for courses in which they were enrolled has been approved by the faculty council of Southern Illinois University's Southwestern campus.

The proposal, which needs the approval of the university administration, would allow partial or full credit, depending upon which week of the term the student withdraws.

Students during the first four weeks will receive full credit for tuition but no credit.

Those withdrawing between the fifth and eighth weeks will receive half credit without letter grades, or refund of one-half of tuition.

Those leaving after the eighth week will receive full credit with no letter grades and no refund.

The policy applies to cases of termination or enrollment for an extended period.

David W. Walker, county assistant director, who will spearhead the neighborhood center project, said the cut to a \$50,000 allotment was due to a shortage of federal funds.

Additional funds will be sought prior to the next funding period in September. "We hope at that time to expand the neighborhood centers to the original two-in-a-town Qua-Cities and three in the Alton-Wood River area," Walker said.

"Until such time as the remaining funds can be secured, we plan to operate the two centers as separate units until such time as the money is available as a pilot project," Walker said.

The original request for \$213,000 would have permitted operation and staffing of all five centers for a nine-month period.

Proposed functions of the centers, Walker explained, is to provide a base for community organizations through self-help programs; incorporation of all services offered by the various agencies, such as legal aid, health, employment aid and Neighborhood Youth Corp and to furnish a central headquarters through which existing agencies can operate.

Establishments of the Qua-Cities and Alton centers will begin as soon as the project application request can be revised to our new status, Walker said.

Drives Across Lot, Nabbed

Service Center Funds Cut Sharply For County EOC

A sharp-cutback in the amount of federal funds to establish neighborhood service centers in Madison county is being announced by Maurice S. Harris, executive director of the Madison County Economic Opportunity Commission. Ten centers, each costing \$5,000, are planned, including one in West Madison-North Venice, the director said.

Harris explained that the county's request for \$213,000 to operate neighborhood service centers has been reduced to a maximum of \$50,000.

"This setback will restrict our proposed service center program to two centers in Alton," Harris said. "The amount most vital needed," Harris said. Location of the second center will be in the Lincoln Center area.

David W. Walker, county assistant director, who will spearhead the neighborhood center project, said the cut to a \$50,000 allotment was due to a shortage of federal funds.

Additional funds will be sought prior to the next funding period in September. "We hope at that time to expand the neighborhood centers to the original two-in-a-town Qua-Cities and three in the Alton-Wood River area," Walker said.

Weed Fire Reported

Firemen responded to a weed fire at 1214 West Pontoon road at 7:25 p.m. Monday. It was out a short time later.

Vandal Throws Eggs

David Murphy, 2542 Spalding avenue, reported at 11 a.m. Tuesday that eggs were thrown on his garage and auto.

Phipps Heads Heart Fund Bowling Tournament

Virgil L. Phipps, 2599 Lynch avenue, has been named chairman of the annual heart fund bowling tournament to be held the week of Feb. 13 at Brunswick Tri Mar, 3701 Nameoki road, and Bowland alleys, 5650 Nameoki road.

Proceeds from the event will be used to finance heart research.

The \$1 entry fee for the tournament covers all league bowlers who can participate at the same time they bowl in their leagues. Of the total proceeds 10 percent will be given to prizes and 70% to heart research.

Chairman Phipps said that prize money will be based on the number of entrants in each division.

A men's championship tournament for women will be held at a later date. Winners will be determined on a handicap of 75% of the difference between 210 and actual average.

Area's Traffic Crash Rate Shows Decline for 1967

The area's traffic accident rate causing slick streets and high-speeds during January—normally one of the peak months because of ice and snow, was down 10 percent.

Last month's statistics for the Quad-Cities show there were 170 accidents with 89 injuries and 10 deaths, compared with the January 1966 total of 203 accidents with 114 injuries and two fatalities.

The January accident figures also show a decline from the December statistics of 217 crashes in which 114 persons were hurt and three died.

Local county and state authorities are hopeful the January totals will set a downward trend in traffic accidents for all of 1967.

Management Audit At Nameoki Urges Purchasing Plan

Installation of a purchasing system to provide closer control over expenditures and a series of minor changes in operational procedure were among recommendations contained in a management survey and audit presented to the Nameoki town board Monday night.

The audit-survey was submitted in detail by B. E. Major, manager of the St. Louis accounting firm of Peat, Marwick, Mitchell & Co., which was employed by the town board at the instigation of a citizens group that demanded investigation of the township's management activities be made a part of a financial audit.

The audit-survey report recommended primarily that:

1. A system of purchasing be established calling for bids on all purchases over a certain minimum, sealed proposals, other costs, written and verbal sales quotations on others.

2. Approval of all bank reconciliations by the township supervisor or town board of auditors because a bookkeeper handles and records cash receipts and maintains all accounting records.

Check Loan Legality

3. Establishment through the town attorney of the legality of loaning monies from one fund to another.

4. Payment of travel and other expenses to town board members and employees under an expense voucher system rather than the basis of flat rate.

5. Preparation of an instance of a monthly report to the town board of auditors of all receipts, expenditures and balances in all town funds.

6. A petty cash fund be established for payment of small amounts, to replace writing small checks; such a fund to be replenished monthly from the town and road and bridge funds. All disbursements should be supported by a signed slip.

The audit covered township expenditures for the fiscal year of 1965-66 up to March 15, 1966.

The audit report said that "all expenditures examined by us were all supported by vouchers of the type accepted by members of a Scout Troop at a cost of \$575." Supervisor Harry Briggs reported that the cost of the truck, purchased during the emergency need of the township to handle the township's municipal equipment, was verified by cancelled check and that no voucher was available because of the emergency nature of the purchase.

Checked Road Cost

The report said that it had gone into the cost of repairing and maintaining the town's 56 miles of roads to determine the cost per mile. Total cost, according to figures in the audit, was fixed at \$79,987 for the one-year period, with the basis of 56 miles per the fixed the "cost per mile" at \$1428.

A check of other townships failed to produce a comparative cost by the audit, but a comparison with county highway department figures showed county cost at averaging \$2245 per mile, "for roads of similar construction."

Members of the board said they would study the report before acting on the recommendations.

Briggs said he believed "most of the points are well taken and present us with some good ideas."

Waste Fires to End At GC Steel N. Plant

Granite City Steel Co. promised a winter to the city Monday night to end the burning of waste at its North Plant dump. Combustible waste solids are to be hauled outside the city for disposal, according to D. F. Culmer, a city engineer.

The firm was notified of the open burning Jan. 23 by Erwin Hoescher, the city's Air Pollution Board technical secretary, who received a call on Jan. 24. Culmer said the waste was set afire by an unknown person, and that corrective steps are being taken, even to a study for revamping waste disposal procedures.

Named to Honor Roll

Hermann Hales, a seventh grader, sponsored at Mooseheart by Granite City Moose Lodge 272, has been named to the honor roll for the first semester of the current school term.

Students at the famed Moose City of Children must maintain a three-point average to merit academic honors.
